

## Home learning Activities

### Spring 1 The Wonderful World of Reading

To support the learning in school please complete **at least 3** of these activities over the course of this half term. You can choose to do one per week if you would like.

- Make a reading den/area, grab your favourite book, and enjoy reading for pleasure.
- Find the most unusual place to read, take a photo/draw a picture of yourself reading there.
- Can you write a short book review about your favourite book? Remember to include a short summary of the main characters and the plot. What did you enjoy and why should I read your book?
- Recap money from last half term - set up a shop and sell different items to you family. Can you select the correct coins and work out the change? Remember NO CREDIT CARDS accepted in your shop!
- Can you find the same item but made from different materials?

Eg

- Use simple symbols to make a map of your bedroom.
- Map a map of the park opposite school out of lego.
- Look out your window and draw what you see.
- Look out another window, how has the view changed?
- Think back to your learning from History last term - Can you design your own street of houses that would have a better chance of surviving the Great Fire of London - what changes would you make?
- Sing along with this song to help learn your number pairs to 20. [Hey 20 You've got a lot of friends \(The Friends of 20\) Album version - YouTube](#)
- Our Class animal is a dolphin, where would Dazzle travel around the world. Look at the route a dolphin might travel.

Don't forget to do you reading every day for 10 minutes and make sure you complete your weekly English and Maths tasks in your booklet.

Sometimes there will be an activity added to Purple Mash, but the children are developing independence and will come home and say when they need to log on for these activities. 😊
