

Home learning activities
Summer 1 and 2 Food and Farming

To support the learning in school please complete **at least 3** of these activities over the course of this half term. You can choose to do one per week if you would like.

- Write a list of animals that often live on farms. Do you know what their babies are called?
- Wheat grows on farms. Have a look in your food cupboards at home with a grown up. Can you find any foods that are made from wheat? Write a list of those that you find.
- Draw a picture of some different foods that farmers grow in their fields in the UK. Don't forget to label your pictures.
- Raid the kitchen cupboard and fill a shopping bag with 4 - 7 items of food such as: tea, sugar and chocolate. Try to locate on a world map the countries the different items come from.
- Research tractors: Look at modern and vintage tractors. How have they have changed?
- Design your very own tractor Be as creative as you like!
- Learn about soil: Did you know that soil is important for all farming and so farmers need to look after it? Go out into the garden and dig around in the soil. Can you find any of the farmers friends? See if you can spot any worms, bugs, beetles, or centipedes. Count the number of worms, bugs, beetles, and centipedes in the soil.
- Have a look in the fridge. What dairy foods can you see? Write a list of all the dairy products.
- Design your own ice cream. What flavour would you make? Would you have any toppings on it – flakes, sprinkles, syrup? Create a poster advertising your ice cream.
- Write simple instructions on how to make your favourite sandwich. What do you need to make your sandwich? Why is it your favourite? Draw your sandwich and label it.

- Design your own healthy lunch box or meal. You could have a go at making it with the help of an adult.
- Record what food you eat each day to create a food diary. After a few days, have a look to see if you have a healthy balanced diet.
- Have a go at planting your own seeds. You can buy some from the shops or use a seed from a pear or apple. Can you grow your own plants?
- Here are a few activities that you can do either on a tablet, or print the document to complete it, if you wish.
